Malzoni Research Hospital

Founded in 1956, **Malzoni Research Hospital** is a leading private healthcare facility in the city of **Avellino**, known for its **advanced** and **integrated** approach to gynaecological health.
It pioneered the concept of “Women’s Hospital” in Italy and has evolved into a **reference center** for gender-specific medicine.

Integrated **maternal-infant care**: obstetrics, neonatal ICU, maternity ward

Among the Top 10 Centers in Italy for **gynaecology oncology**

Cesarean rate at **16.5%**, meeting WHO guidelines

Recognised as a **national leader** Center in Obstetrics and Gynaecology

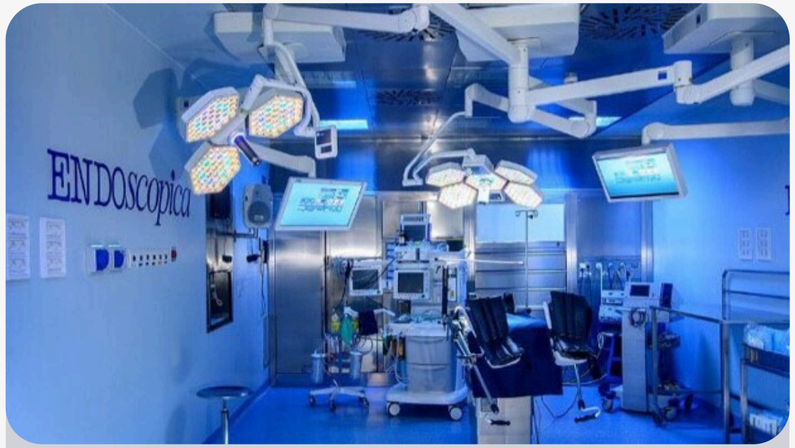
Our Centers

Malzoni Research Hospital hosts three **leading centers of excellence** dedicated to **advancing gynaecological health** through **specialised care, surgical innovation** and **research**.
Each department brings **unique expertise** to support patients with complex needs.



National Endometriosis Center

An internationally recognised center for **diagnosis** and **treatment** of **endometriosis**, specialised in the **multidisciplinary care of complex, multi-organ cases**.

Advanced Pelvic Surgery Center

Expertise in **minimally invasive**, fertility-preserving and **complex pelvic procedures**, using state-of-the-art **endoscopic technology**, including the integrated **KARL STORZ OR1™ system**.

Malzoni Cancer Center

Comprehensive approach to **gynaecological oncology** with advanced therapies and personalised support.

Via C. Errico, 2 - Avellino (Italy)

Specialized Care

Our specialists are internationally recognised for their excellence in **Minimally Invasive and Advanced Pelvic Surgery**. We offer comprehensive care for complex conditions such as **endometriosis**, **gynaecological cancers** and **fertility preservation**, using the latest technologies and evidence-based protocols.

Consultations

Most clinical evaluations, preoperative consultations and diagnostic services are carried out at **Diagnostica Medica**, Via Nazionale 146, Mercogliano (Avellino).

Activity Locations

All clinical and surgical activities are based in **Avellino**.
Twice a month, surgeries may **also** be performed in:

- Casa di Cura Villa del Sole, Salerno
- Paideia International Hospital, Rome
- Casa di Cura Villa del Rosario, Rome

Our Medical Team

A team of **highly specialised gynaecologists**, **expert surgeons** and **healthcare professionals** offers advanced care across all areas affected by gynaecological pathologies.
From the initial **consultation** to **diagnosis**, **surgical treatment** and **follow-up**, Dr. Malzoni and his team ensure a **personalised** and **multidisciplinary approach** to every patient.

MALZONI TRAINING CENTER

*Leading experts in **Advanced Pelvic Surgery** and **Complex Gynaecological Care***

2024 in numbers

- **42%** patients from extra-region areas
- **80%** complex endometriosis cases treated
- **12** International scientific publications
- **15** live surgeries performed abroad
- **16** International congresses attended
- **17** International courses organised
- **20** foreign fellows

Observeship Programs

Designed for **national** and **international doctors**, these immersive programs offer the opportunity to **observe** surgical activities and clinical practice across the hospital's key areas of expertise.
Participants gain valuable insight into **surgical techniques**, **multidisciplinary protocols** and **high-complexity case management**.

Education

Reserved for **Italian** medical doctors enrolled in a **residency program** in Obstetrics and Gynaecology, this educational pathway is developed in collaboration with renowned Italian **universities**.
It provides structured **clinical training** within a center of excellence in gynaecological surgery and encourages active involvement in **research**, promoting a **strong integration** of **academic learning** and **practical experience**.

Courses

Malzoni Training Center offers **specialized courses** combining **theoretical sessions**, **interactive training** and **live surgery**.
These are aimed at enhancing surgical skills and confidence in managing **complex surgical procedures**.

Getting to Avellino from the Airport

Naples International Airport (NAP)

approximately 50 km from Avellino (45-60 min by car)
By car or taxi: Via A16 - Avellino Ovest exit
By bus: direct buses - Air Campania, Flixbus (approximately 1h)
Private transfer: 80€

Salerno Costa d'Amalfi Airport (QSR)

approximately 70 km from Avellino (1h 15 min by car)
By car or taxi: Via A30 - Castel San Giorgio exit
By bus: no direct connection; transfer needed via Salerno
Private transfer: 80€

Rome Fiumicino Airport (FCO)

approximately 250 km from Avellino (2.5-3h by car)
By car or taxi: Via A1 to A16 toward Avellino
By bus: direct long-distance - Flixbus, Caputo (approximately 4h)
Private transfer: 250€

Rome Ciampino Airport (CIA)

approximately 230 km from Avellino (2.5 by car)
By car or taxi: Via A1 to A16 toward Avellino
By bus: limited direct options; transfer to Rome or Naples may be needed
Private transfer: 250€

Tips

- **Naples International Airport (NAP)** is the most convenient and recommended arrival point.
- **Taking the bus?**
  – Arrival stop is **Avellino Autostazione**, Francesco Fariello Street.
  – *by Flixbus*: buses may stop at **Avellino Ferrovia**.
  – *by Air Campania from Naples*: select **Napoli Capodichino – Via Oreste Salomone** as departure stop.
- **Trains are strongly discouraged**: Avellino's train station is not well-connected and services are infrequent.
- ***Need private transfer from the airport?*** Contact us!

Feedback from Observership Program Alumni

“My dream came true when I got the opportunity to come to Avellino, to the Malzoni Research Hospital, and be with Prof. Mario Malzoni an inspiring figure in the field of advanced laparoscopic endometriosis surgery.”

Dr. Shrikant Ohri (India)

“Witnessing his surgical expertise in addressing such complex pathology was truly educational. Dr. Malzoni's precision techniques and patient-centered approach demonstrated why he's a leading authority in gynecological surgery.”

Dr. Olarik Musigavong (Thailand)

“I’ve always wanted to have a professional experience abroad, and I was lucky enough to make this dream come true in the best possible way, following Dr. Malzoni and his team for 3 months. These were months of great learning, during which I was warmly welcomed by everyone. Thank you all for the hospitality, the teaching, and the warm reception.”

Dr. Gabriela Colasuonno (Brasil)

*"At Malzoni Research Hospital, we have **always** believed that **excellence** in **gynaecological surgery** is achieved through **innovation**, **research** and the **sharing** of **expertise**. **Advancing** the understanding and medical treatment of conditions such as endometriosis — one of the most widespread yet under-recognised gynaecological diseases — is at the core of our **mission**. Welcoming physicians from around the world enriches our **vision** and inspires us to continue **pushing the boundaries of care**."*
